

**CU Succeed Gold Program
University of Colorado at Denver
Fall 2009
PARENT/GUARDIAN CONSENT FORM**

The CU Succeed Gold Program is a unique program of the University of Colorado Denver that works with schools throughout Colorado to provide high school juniors and seniors with the opportunity to take courses in their high schools for both high school and college credit. The courses offered in the program are not high school courses for which students earn college credit. They are courses that have been reviewed by UC Denver faculty and have been deemed equivalent in content and academic standards to courses taught on the UC Denver campus. Additionally, the instructors are high school faculty who have met the same standards as on-campus instructors, and who have been granted honorarium faculty status by an academic department at UC Denver.

Students who enroll in CU Succeed Gold courses earn credits just as students enrolled at a University of Colorado campus. The credits earned in the courses can be applied to a degree program at one of the CU campuses (with limited exceptions), or they may be transferred to another college or university (Visit www.cudenver.edu/cusucceed for more information regarding the use and transfer of credits.). **UC Denver cannot guarantee that its courses will transfer to all institutions, nor will it refund tuition for courses that do not transfer. Grade reports are not automatically sent to students. Students may request official transcripts from the transcript office at no cost. Instructions appear on the CU Succeed Gold website.** Transcripts are generally not available until three weeks after the completion of a course.

Enrollment in CU Succeed Gold courses for UC Denver credit is **optional**. Students who wish to enroll in CU Succeed Gold courses and receive UC Denver credit must **1) obtain the consent of their parents or guardians on the form below and submit it to their course instructors, 2) register for the courses on the CU Succeed website during the specified registration period, and 3) pay tuition for the courses to UC Denver at the rate of \$50 per credit. Unpaid tuition will result in additional service charges and may be subject to a 20% collection cost. Tuition payments may be made online only. No tuition bill will be issued by the University of Colorado Denver. Students who register for a CU-Succeed Gold course and later drop it will be financially responsible for the course if they do not drop before October 9, 2009.**

If you would like for your student to participate in this unique program, please sign the consent form below and have her/him return the form to the course instructor. We strongly encourage you and your student to obtain more complete information about the CU-Succeed Gold Program from our website: www.cudenver.edu/cusucceed before registering.
